Membership

The new Web Based Youth Recruitment Planner is online. Units can now logon and update their units contact information that is viewed through the www.AdventuresCalling.org web site for unit locator. This is available for all units, not just Cub Scouts with the old www.joincubs.org.

This information is also used in the District's mapping of units on our web site. Units are marked on a Google map using this information. Currently, your Chartered Parent's address is used. Once you input your unit's meeting location, the information is used in mapping your unit's meeting location.

Boy Scout Recruiting

Like the Spring Cub Recruiting, troops should schedule open house recruiting events and access the recruiting support materials that help increase

the membership of their units. Peer-to-peer recruiting (Scouts recruiting their buddies) is the most effective method. The primary recruiting period for troops is the end of March through May.

Cub Scout Recruiting

Recruiting materials were ready for February roundtables. The primary recruiting period for Cub recruiting is the end of March through May. The council membership committee recommends that packs participating in spring recruiting should be committed to earning the National Summertime Pack Award. Summertime council Tiger Mania events are being planned and the intent is to have the dates & events listed somewhere on the youth recruitment flyer.

Roundtable

The next Roundtable until fall is October 6th at National Guard Armory in New Richmond. Opening & General Session start at 7:00 pm. Breakouts start at about 7:30. Youth Protection Training is being offered at all Roundtables.
